## **Best Practice: 2**

### **Title of the practice-Donate blood and save lives.**

#### **Objectives of the practice-**

- To encourage the students, staff and other community for blood donation.
- To develop health conscious culture among the students staff and other community.
- To create closer ties between the institution and the communities.

#### **The context:**

It is said that blood is one of the most priceless gifts one can give to another. Blood is essential for a person to stay alive. Many times, due to accidents or any other serious ailments, a person might require blood.

To keep in mind the importance of blood donation the institution every year organizes blood donation camp. As the vision of the institution to prepare socially responsible human beings, this campaign is one of the initiatives to fulfil our vision. With the help of these camps we try to serve the needy people.

#### **The practice:**

The practice of blood donation camp is a small initiative taken by the college to engage with and contribute in the society. As a part and parcel of the community it is the duty of our institution to serve the society by donating the lifeline i.e. Blood.

The duration of the blood donation camp is one day from morning to afternoon. This practice is conducted by the institution in collaboration with Maratha Vidya Prasarak Samaj's late Dr. Vasantrao Nivrutti Pawar Medical College, Adgaon, Nashik. On the request of the institution the team of doctors from blood bank come to the college, they bring with them all the necessary facility such as special chairs, empty pouch etc. The college makes them available with open hall, first aid boxes, staff and student volunteers. Before collecting blood a pre health check-up is done and on that basis donors are selected.

The blood is collected under the supervision of doctors and it is stored and transported under optimum conditions to the blood bank. For any emergency an ambulance facility is being provided

inside the college gate during the camp. The donors are served with Glucose, Biscuits and Bananas after donating the blood. The students were provided with the certificate from the blood bank immediately after the camp. Our institution has been conducting this activity since 2013-14.

**Evidence of Success:**

- The collected blood is used by the MVP's (blood bank) medical college and used in the emergency.
- Students and staff actively participated in blood donation camp.
- The rare blood group bags were highly useful in our institute blood bank and it was utilized for the needy patients. In the last five years collected rare groups details

Rare Blood Group	Total Bags Collected
AB Positive	18
B Negative	02
O Negative	01

**Problems encountered and resources required:**

1. The participation of female students is less as compared to male students.
2. The female students face low hemoglobin as well as under-weight problem for donating the blood.

**Resources Required:**

All the required resources are provided by our parent institute Maratha Vidya Prasarak Samaj, Nashik.
